

COMTECH

Innovation for Everyone

STARTED
IN 2013

In **2013** we announced "**Comtech Systems Computer**" to build a platform with the aim of innovation. Comtech provide ICT ELV consultancy services and solutions. We believe in top-notch services religiously, a fastest growing platform with more than 300 satisfied clients on board nationwide. It is a part of The Health Medical Services Group Companies with more than 500 employees. "Concepts" is a joint venture of Comtech - a UK based software development company established in 2003, providing complete healthcare system solutions fully integrated with Malaffi for hospitals, medical centers and clinics. In 2020, Comtech took the first step for its international expansion, successfully opened an office in Pakistan. Our mission is to provide best quality ICT ELV Hardware and Software technology solutions and reliable support for different types of organization such as health sector, schools, universities and other facilities. We know that "it's easy to sell to the customers but difficult to sustain them

DR. MAMOUN THEYABAT

CEO Comtech
